

ST WENN SCHOOL STRATEGY

St Wenn is a friendly and welcoming village school rooted in the local community. This strategy is a statement of the school's purposes, aspirations and intended actions in order to maintain the character, ethos and standards of the school while engaging with the new to meet the needs of a changing world".

Chair of Governors

Vision

To maintain the character of the school summed up by our motto *Step Forward Together*.

We are characterised by;

- Togetherness with individuality
- Shaping young minds
- Growing our talent
- Encouraging curiosity
- Enabling the outdoors to inspire
- A community motivated to achieve the best

Mission Statement

To achieve the unique whole person who is brave and curious, passionate and kind, responsible and determined. The individual who is equipped to strive confidently ahead.

Our strategy

Our strategic goals are excellence in teaching & learning and curriculum excellence. Our three enablers represent what we need to realise our goals. Our four strategic themes guide our approach to achieving these goals. Our commitment to our Strategy is collective and democratic. The entire school is responsible for its delivery and achievement.

We monitor and report on progress against our success criteria and targets annually. We anticipate that, over time, the aims and objectives for each of the strategic goals will remain essentially the same with the strategies, success criteria in The School Development Plan and targets being modified in response to changes in our operating environment. As a result of the school closure due to Covid restrictions, targets are being modified to suit the needs of the catch-up programme.

Our strategy is a three-year plan which will be reviewed annually.

STRATEGIC GOALS

Excellence in Teaching and learning. This goal encompasses the quality, breadth and relevance of the teaching and learning of our children. The aim is to stimulate in our pupils a lifelong thirst for knowledge and learning and to encourage an innovative and independent attitude and an aspiration to achieve success within and beyond the school.

Curriculum Excellence. This goal encompasses the breadth, depth and quality of our curriculum. The aim is to offer a vibrant and interactive curriculum that explores the world, generates ideas and discoveries, captivates pupils' interest and makes learning exciting and relevant.

ENABLERS

The realization of our strategic goals is enabled by exceptional people, high-quality infrastructure and financial sustainability.

People. Our success in achieving our strategic goals depends on the outstanding performance and contribution of all our staff. The aim is to value, support, develop and utilize the full potential of our staff, working with all stakeholders across our community to make the school a stimulating, successful and safe place where all can excel. Stakeholders include: teaching staff; pupils; governors; parents; partner schools; external support; the community.

Infrastructure and Finance. High quality infrastructure and financial strength are key to enabling us to achieve our strategic goals. We aim to provide a modern, efficient and stimulating working and learning environment underpinned by financial strength to sustain outstanding academic and extra-curricular activities.

STRATEGIC THEMES

Quality of education, Behaviour and attitudes, Personal development and Leadership and management are covered in the School Development Plan.

The SDP is monitored by the governors in the Governor Monitoring Planner.
